1. Log in

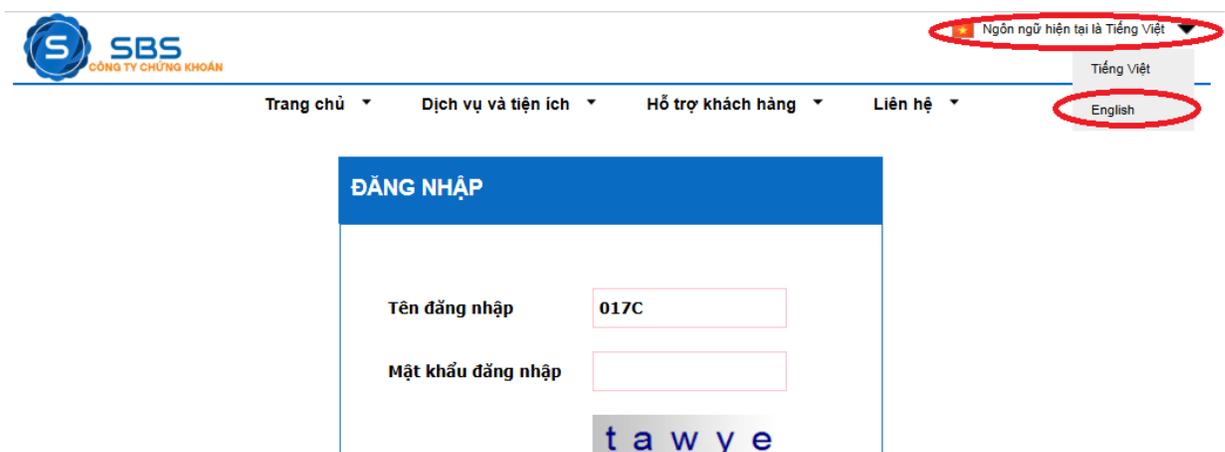

On website <https://strade.com.vn> you will see the table below on welcome screen:

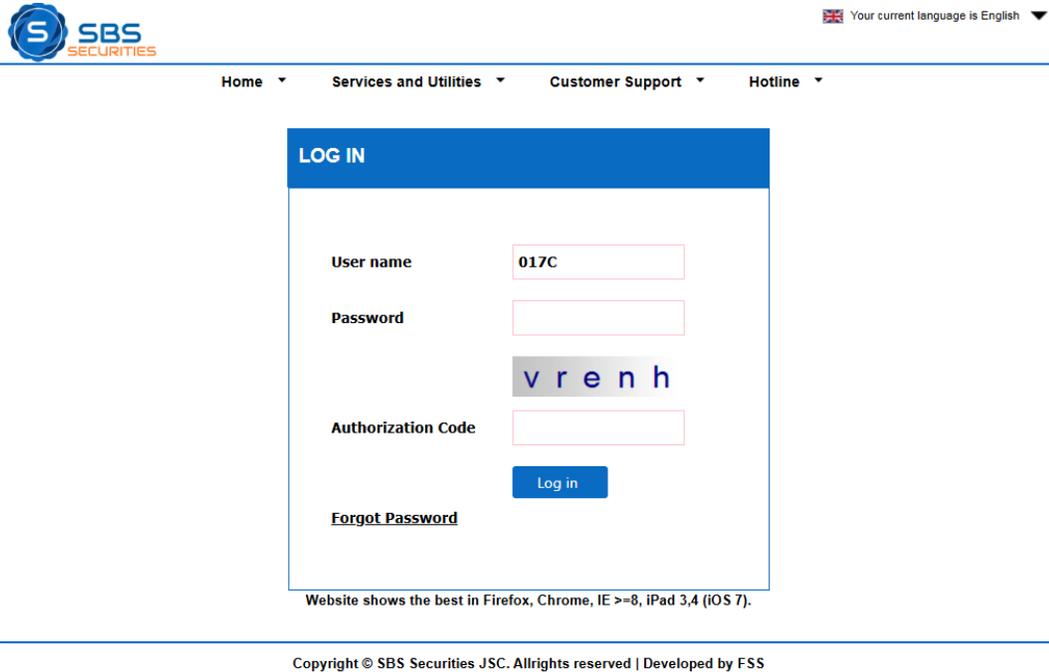

Website hiển thị tốt nhất trên trình duyệt Firefox, Chrome, IE >=8, iPad 3,4 (iOS 7).

Bản quyền © thuộc Công ty cổ phần chứng khoán SBS | Phát triển bởi FSS

For English, please click on Vietnamese Flag icon and select English:

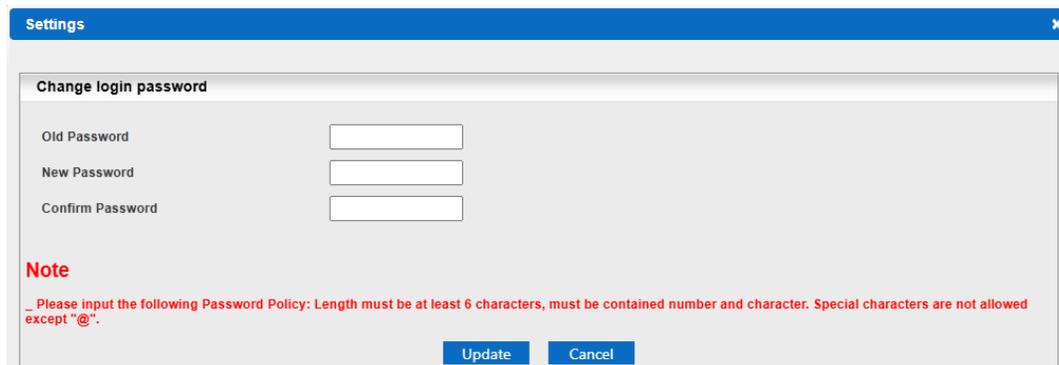

Step 1: Input personal information:

- User name: account number
- Password: SBS will send to your email if you register online trading service.
- Authorization Code: enter the series on rectangle above

- Click 

Step 2: change login password

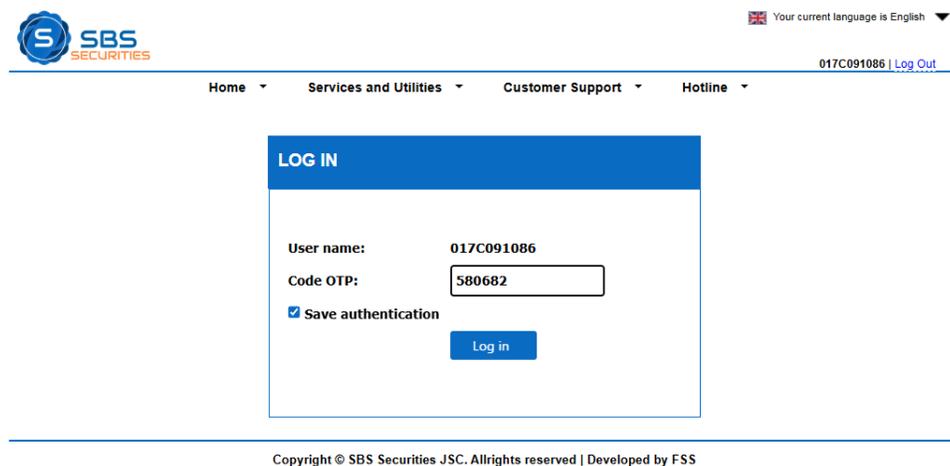

For the first time of using this Strade system, you will be asked to change log in password as the picture below:

- Old password: Log in password that SBS sent to your email for the first time.
- New password: new password that you think out by yourself
- Confirm password: input new password again
- Click  to confirm your change of password
- Click  to adjust any detail above

After updating new password successfully, the system will automatically return to welcome screen and you have to log in again with new password.

After logging in with new password, you will see the new screen request your OTP (One-Time-Password). Please check email/open Mobile app to get the OTP then input to the box “**Code OTP**”. Keep check on the box “**Save authentication**” if you want the system to remember your OTP for placing orders. Remove check on this box if you want the system to ask OTP for each time of placing orders.

Note: after logging in, if you want to change from “**Save authentication**” to ask OTP for each time of placing orders, you can select the button “**Cancel saving OTP**” on the top right of the screen:

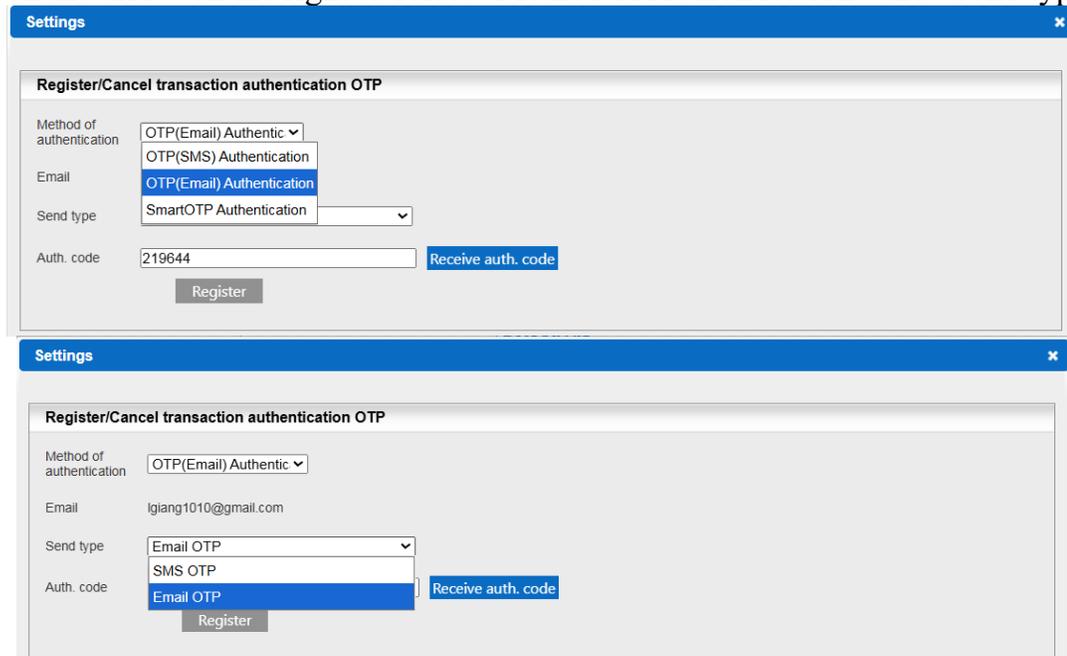

Step 3: Register transaction authentication OTP

This step helps you to select how you will receive OTP for every transaction (if you don't select "Save authentication"): by SMS, by email or by app on your Smartphone (Smart OTP).

Please take note: for cash transfer, you can't save authentication.

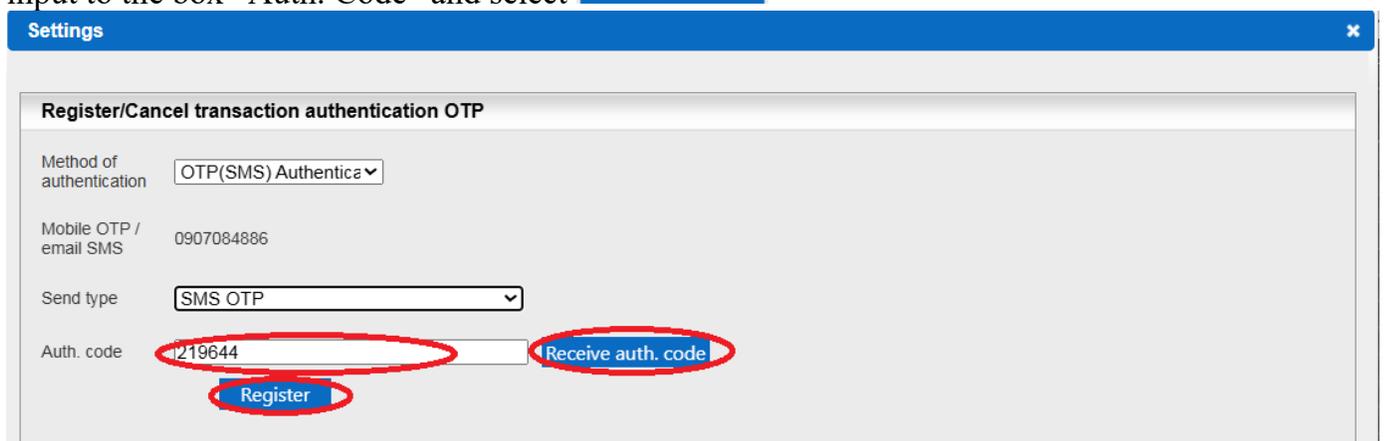

You click on the arrow on the right to select "Method of Authentication" and "Send type".

The first screenshot shows the 'Settings' window with the 'Register/Cancel transaction authentication OTP' form. The 'Method of authentication' dropdown is open, showing 'OTP(SMS) Authentication' selected. The 'Email' field contains 'lgiang1010@gmail.com'. The 'Send type' dropdown is set to 'SmartOTP Authentication'. The 'Auth. code' field contains '219644'. There are 'Receive auth. code' and 'Register' buttons.

The second screenshot shows the same form with the 'Send type' dropdown open, showing 'Email OTP' selected. The 'Auth. code' field still contains '219644'. There are 'Receive auth. code' and 'Register' buttons.

Please select **Receive auth. code** then an email of Authentic code will be sent to your email. You input to the box "Auth. Code" and select **Register**

The screenshot shows the 'Settings' window with the 'Register/Cancel transaction authentication OTP' form. The 'Method of authentication' is 'OTP(SMS) Authentica'. The 'Mobile OTP / email SMS' field contains '0907084886'. The 'Send type' is 'SMS OTP'. The 'Auth. code' field contains '219644'. The 'Receive auth. code' and 'Register' buttons are circled in red.

PS: please remember that you will be charged fee for OTP (SMS) Authentication method. And your phone number must be Vietnamese number.

Step 3: after placing a lot of awaiting orders, you can select the orders that you want to send to stock exchange by checking on the box on the first column of each row and click **Take** or click **Cancel** on the second column of each row to remove this order from your Basket Order. You can send more than 1 order to the stock exchange at the same time by using this function.

3.1.3. Place Condition Order

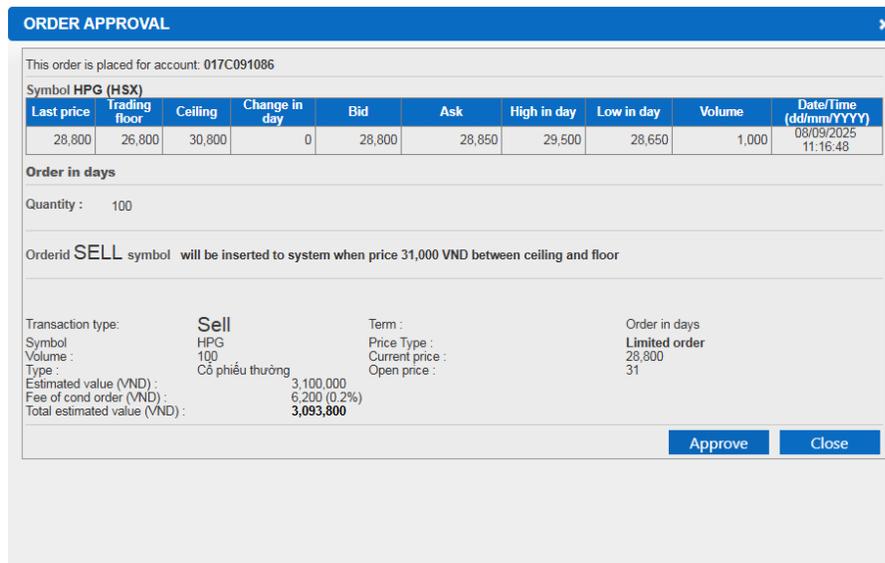

Condition Order: the order placed for a specific period. If all conditions of this order are satisfied (ceiling and floor price, available shares/cash), it will be sent to stock exchange. If

at least 1 condition has not been satisfied, this order will continue waiting on our system until expire date.

Step 1: Input details of order

Step 2: Click **Buy** or **Sell** to place order

Step 3: Click **Approve** to confirm your order and you can watch your condition orders on screen “Order Conditions”

Buy/Sell	Sub Account	Symbol	Order Type	Order Price	Balance	From Date	To Date	Status	Cancel
